

Plustek SmartOffice PS283

Cost effective scanning and management of documents and business cards.

Scan your documents quickly and cost effectively

The Plustek 25 ppm *SmartOffice PS283* offers you a flexible and productive way to scan and manage all of your paper based information. From business cards to legal size documents, they all can be scanned and saved as a searchable PDF at the touch of a button. It is suitable for any application requiring a small footprint, cost effective document scanner.

Includes document management and business card scanning software

The *SmartOffice PS283* comes with a powerful software bundle including document management, business card reading, Optical Character Recognition (OCR), and

imaging software. These applications simplify the tasks of scanning and managing your documents.

Easy to use

Plustek's DocAction makes scanning as simple as pressing a button. With the Plustek *SmartOffice PS283*, you can scan directly to searchable PDF and other common images files formats and then send your scanned documents to email, printer, folder or FTP site. All you have to do is press a button on the scanner!

The *SmartOffice PS283* also includes an industry standard TWAIN drivers, that allows the scanner to be used with thousands of document management and image enabled programs.
